WATER FILTER FOR HOT DRINKS VENDING MACHINES

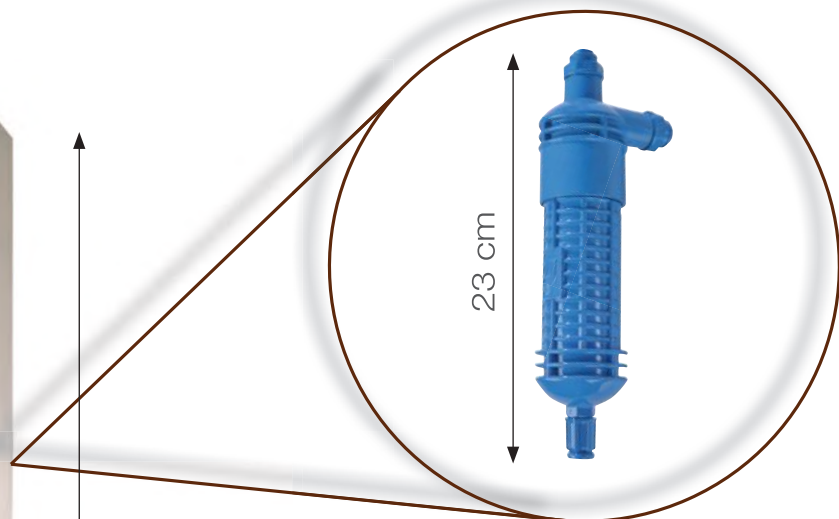

The quality of the water represents 95% of the success of a drink

Limona filter is the new filtration system thought for the vending especially for all the automatic machines powered by the water main supply.

Limona Filter reduces to minimum the hardness potential of the water without modify the ph and saving the imporants minerals that guarantee flavour and tastes to all hot drinks.

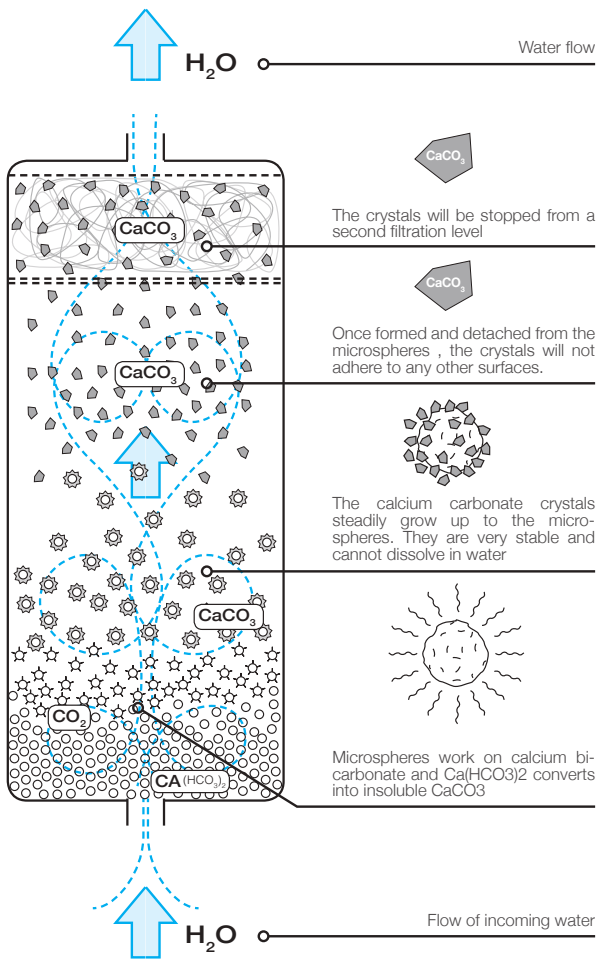

1,85 m

THE INSTALLATION OF LIMONA FILTER IS:

- 🍊 **EASY AND SMART:** Thanks to the compact size and ergonomic design...all in just 500g weight!
- 🍊 **QUIKLY:** Thanks to the hydraulic quick fittings and the fixing system built-in support
- 🍊 **VERSATILE:** Hight adaptibility! Limona Filter could be install on all Hot Drinks Vending Machines, from the smallest to the biggest ones
- 🍊 **SAFE:** Lab tests certify and guarantee the proper and costant operation functioning of Limona filter for a long time
- 🍊 **ECO-FRIENDLY:** no chemical substances, Limona filter is totally Eco-Friendly because it works taking advantage from the natural molecolar properties of the water. Free disopel
- 🍊 **GUARANTEED:** Limona is 100% made in Italy.
- 🍊 **CHEAP:** long-life-working, high performance, and costs reduction.

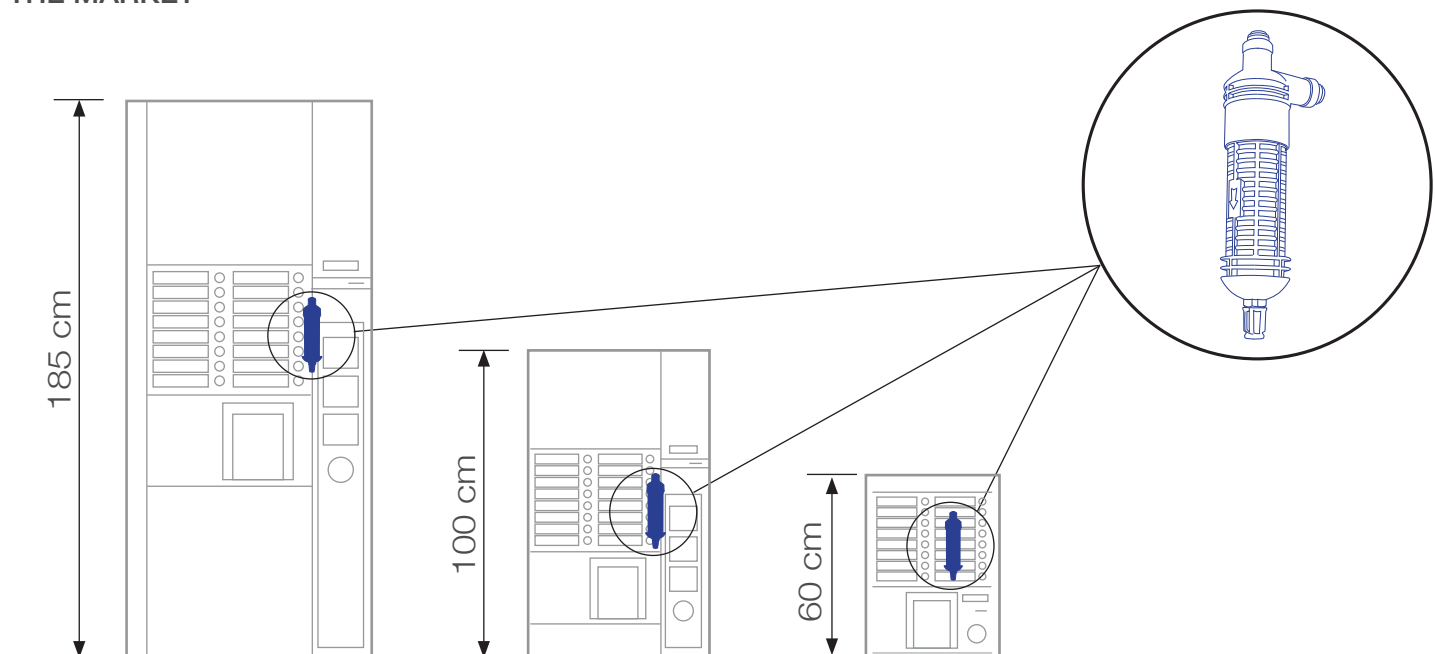

Limona Filter uses the natural molecular properties of the water and works with the action of the microspheres that transform the calcium bicarbonate into insoluble crystal of CaCO_3 without any chemical substances and re-mineralisation. The water will maintain the same Ph and all natural minerals therefore your hot drink will be more good and flavorful.

Thanks to the innovative and certified technology, **Limona filter** avoids scale formation and helps to remove the previously formed scale with the abrasive effects of the crystal and the action of micro bubble of CO_2 on the surface scale. Limona filter is small and light and it can be installed inside all kind of Hot Drinks Vending Machine. For all of these reasons Limona filter is convenient, safety, and **eco - friendly**.

DIMENSIONAL RELATIONSHIP WITH THE MAIN AUTOMATIC MACHINES ON THE MARKET

TECHNICAL DATA

	SIZE	APPLICATIONS	CAPACITY*	MAX WATER TEMP.	PRESSURE	PH	FEATURES - BENEFITS
 LIMONAPRO	Ø 40 mm X 230 mm	ocs ho.re.ca vending machines	3000	40°	7 Bar	6,5 - 9,5	water hardness permanent conditioner.
 LIMONAPLUS	Ø 70 mm X 250 mm	ocs ho.re.ca vending machines	7000	40°	7,6 Bar	6,5 - 9,5	water hardness permanent conditioner.
 LIMONAULTRA	Ø 70 mm X 250 mm	ocs ho.re.ca vending machines	5000	40°	7,6 Bar	6,5 - 9,5	water hardness permanent conditioner, removal of the unpleasant odors and tests

* Values based on water hardness of 46°F maximum.
